

FORM C

Rapid Diagnostic Test (mRDT) Use Assessment

Form C is watched, not asked. You stand with a health worker while they run an mRDT on a suspected case and mark what they actually do.

Fourteen sections, one screen at a time. Four blocks are scored: availability, preparation, procedure and waste.

HOW TO USE THIS GUIDE

Each step shows the screen as it looks on your phone, with numbers on the parts that matter. The page after it explains those numbers. Every question must be answered before the form will submit to the ICF-SL server.

WHAT THIS GUIDE COVERS

Five steps.

1 Training, and who you watch

2 The observation checklists

3 Result use and record review

4 If the test could not be done

5 Feedback, rating, then submit

TRAINING, THEN WHO YOU WATCH

Section 2: has anyone been trained in the last two years?

2 · TRAINING

2. STAFF TRAINING ON MRDT

Are there any clinical staff who have been formally trained/mentored in mRDTs in the last two years? *

☒ Yes

☐ No

Number of clinical staff formally trained in mRDTs in the last 2 years *

1 Answer training first

Yes or No, then the number trained in the last two years.

2 Cadre and gender

Both compulsory. Pick "Other" and type the cadre if it is not listed.

ADD ANOTHER OBSERVATION

The button sits under the last observation card.

ADD ANOTHER OBSERVATION

What to do with the new card.

1 Watching two workers?

Add a card for each one.

2 Cadre and gender again

An empty extra card blocks nothing, but a half-filled one is useless.

3 Added by mistake?

Tap the red ✕ on its header.

THE OBSERVATION CHECKLISTS

Sections 4 to 7. Mark what you see, not what should happen.

THE OBSERVATION CHECKLISTS

What each number on the previous page means.

1 Availability — 3 points

Materials assembled, mRDTs in stock, a real suspected case.

2 Preparation — 6 points

Expiry checked, cassette labelled, register filled, procedure explained, new gloves, site cleaned and dried.

3 Procedure — 6 points

Blood volume, correct well, buffer well, drop count, incubation time, control line.

4 Waste — 3 points

Tests and devices, lancet in the sharps box, result in the register.

Only Yes scores

No costs the point. Mark No when the step was skipped, even if the result was right.

WHEN N/A IS THE ANSWER

A few questions offer N/A. Use it properly.

6. BLOOD COLLECTION & MRDT PROCEDURE

Appropriate number of drops of buffer dispensed *

☒ Yes

☐ No

If invalid, was another mRDT test done? *

WHEN N/A IS THE ANSWER

What each number on the previous page means.

1 “If invalid, was another test done?”

N/A when the first test was valid.

2 Positive-only questions

Drug, dose and counselling are N/A on a negative result.

3 N/A is not No

N/A means the question did not arise. No means the step was missed.

RESULT USE AND RECORDS

Sections 8 and 9 — what the result led to.

9. COMPLIANCE WITH NEGATIVE RESULTS

Select and review 3 under-five and 2 above-five records with negative mRDT results *

☒ Records complete (5/5)

1

☐ Incomplete records

Are there any negative tests that received treatment?

*

☐ Yes

2

☒ No

How many negatives were treated? *

RESULT USE AND RECORDS

What each number on the previous page means.

1 Five records, chosen by you

Three under-five and two above-five, all with negative mRDT results.

2 Negatives that were treated

The heart of the assessment: a negative test treated as malaria.

3 How many

Enter the count you found in those records.

4 Record review score

Out of 8. Complete records carry most of it.

The sample is fixed

Three under-five and two above-five records, all with negative mRDT results. Not five convenient ones.

IF THE TEST COULD NOT BE DONE

Section 10. Say why, rather than leaving the form blank.

10. REASON IF UNABLE TO CONDUCT

Select reason(s) for unable to conduct/complete
mRDT observations *

☐ mRDT tests not ordered

☐ Health care worker cannot perform mRDT

☒ No mRDTs available

1

☐ Stopped due to potential Patient harm

☐ Not enough time during procedure

IF THE TEST COULD NOT BE DONE

What each number on the previous page means.

1 Tick every reason that applies

No case, no stock, worker unable, stopped for patient safety, no time.

2 Other

Type it in the box under the list.

3 Still finish the form

Sections 11 to 14 are filled whether or not the observation happened.

FEEDBACK, RATING, SUBMIT

Section 13: your feedback and your rating.

13 · FEEDBACK

13. SUPERVISOR FEEDBACK

Did you provide feedback to staff on mRDT technical performance? *

☒ Yes

☐ No

Overall rating of this HF on mRDT protocols *

☐ Unsatisfactory

☒ Fair

☐ Satisfactory

☐ Excellent
